# COMMITTEE WELCOME

Dear show enthusiasts,

On behalf of the organising committee, it is with great pleasure that I welcome you all to the 2026 NZ DairyEvent at the Manfeild Stadium in Feilding. The event is becoming a real celebration of the excellence and dedication of our New Zealand dairy cattle breeders and it promises to be another showcase of their talent and passion for breeding top-class dairy animals.

We're really humbled to, again, see **Semex NZ** return as a Gold-Sponsor for the show. This year we're also welcoming **Holstein Friesian NZ (HFNZ)** as a Gold-Sponsor. In this capacity, HFNZ will help the show organisers with digitalising results administration in order to get faster processing of entries, scratchings and class results for publishing. On top of that the Premier Breeder and Premier Sire of the show will be able to be worked out in real time. HFNZ has also been one of the main stays in putting together this show catalogue and the production of the **Summer Sensational Sale** catalogue.

We've also been able to secure sponsorship from a number of Silver and Bronze sponsors. The 2026 show will again feature trade sites from businesses that aim to interact with exhibitors and visitors at the event. You're encouraged to take some time in between proceedings, to have a look at our sponsors' stands and trade sites and, in the first instance, consider their brands if you're in the market for any of their products or services. All sponsor and business contributions play an absolutely vital role in the committee's ability to bring you the 2026 DairyEvent and it would be great to **show our appreciation in return for their sponsorship**. Go and check them out!

The sales crew have approached breeders from around the country (and beyond) to bring you another version of the **NZ DairyEvent's Summer Sensational Sale**. A main part of the sales-committee is the stud stock crew from PGG Wrightson. The committee has been able to attract consignments from absolute top, deep (inter)national pedigrees that will tickle the fancy of most breeders.

It should be clear to everyone that putting together the NZ DairyEvent requires considerable funding and for this, our first heifer raffle fundraiser last year was a great success. There will be another "**Among the Stars**" **fundraiser** draw during this year's event immediately prior to the sale. The winner of the raffle will have the opportunity to pick their favourite animal. I want to sincerely thank the breeders that have, without hesitation, put forward calves out of their top animals for the raffle to represent the 5 different breeds. If you haven't already done so, look up the raffle flyer in this catalogue, our Facebook page or the NZ DairyEvent website. Scan the QR-code with your smartphone and it will get you to where you can buy tickets for the raffle.

The **2026 event will be live-streamed** this year to include other aspects of the show as well, like the Youth Challenge. This will give our sponsors and exhibitors great exposure outside of our stadium boundaries with previous years' streaming analysis showing considerable interest from viewers outside New Zealand. As this also gives anyone outside the venue a chance to look at the stadium, we're

continuing with our **'Best Isle' competition** for the days of the event with sponsored goodies and daily spot prizes for the best presented isle and an overall winner on the final day.

The committee has managed to secure the services of another **magnificent line-up of judges** from both here and overseas. It's really great to see New Zealand and the NZ DairyEvent in particular, being recognised overseas, with judges all very keen to come and see this for themselves and help sort out the animals that exhibitors are showing. The countries breeding efforts are certainly getting noticed.

We'll continue with the **pre-show scanning** and the use of the **marshalling area** as it worked well to ensure animal welfare as well as organising exhibitors. Exhibitors are asked to have their animals at the marshalling area entrance in a timely manner to ensure the show runs smoothly.

Finally, I'd like to draw your attention to the work the members of the organising committee have put in. These volunteers all have their own jobs and businesses to look after and have given up a considerable amount of their spare time to help put the 2026 NZ DairyEvent together. Absolute **legends!!**

Thank you to everyone for your ongoing support that contributes to success of the 2026 NZ DairyEvent. It'll be great to catch up again. All the best for the show and I hope you'll enjoy a memorable experience.

**Hennie Verwaayen**  
NZ DairyEvent Organising Committee Chair

# 50 HEAD OR 1,000 HEAD, WE'LL HELP YOU STAY AHEAD.

## SUPPORTING DAIRY INDUSTRY EVENTS AND GIVING GREAT ADVICE.

At FMG, we're here to help dairy farmers stay informed and get ahead. That's why along with offering useful advice and tips, we support dairy workshops and seminars happening right across the country. Because at the end of the day, learning the latest techniques and developing new skills will help you make positive changes and better decisions. So take the opportunity to stay ahead at a dairy event near you.

Head to [fmg.co.nz/dairyevents](http://fmg.co.nz/dairyevents) to find out more.

# MEMBER OF PARLIAMENT WELCOME

## Welcome to Feilding – the heart of the mighty Rangitīkei – for the 2026 NZ DairyEvent.

We are proud to be hosting the very best cattle from all around New Zealand.

The Manfeild Agri-Centre facilities in Feilding are outstanding - without doubt the best in the Southern Hemisphere for exhibiting cattle. A perfect setting to showcase New Zealand's top cows at this year's NZ DairyEvent.

I appreciate the thousands of hours of organisation and planning involved for an event of this scale to proceed. Thank you to all those who have played a part in making it happen, especially the NZDE Committee, all of whom are volunteers. Thank you too to all the exhibitors and judges – and of course the sponsors.

I am looking forward to attending this year's NZ DairyEvent as the Member of Parliament for Rangitīkei. It's important to see and celebrate the best of the best in our dairy industry - an industry which employs over 54,000 people, and contributed close to \$24b in export revenue to the New Zealand economy in the year to October 2025.

The dairy industry has proven itself to be a progressive one with a sustainability focus, for which advances in breeding and farm systems are delivering value. I also applaud the NZ DairyEvent's commitment to focussing on young people and encouraging them to get involved. They represent the future of our industry.

This year's showcase looks set to be the best yet. We are all in for a great few days - I look forward to seeing you there.

Best regards,

Suze Redmayne

# MAYOR'S WELCOME

A very warm welcome to Manfeild, 'friendly Feilding' - NZ's Most Beautiful Town, having won this award 16 times, and our Manawatu district. We are fast becoming known as the agri business hub of New Zealand, or at least the Lower North Island!

This NZ DairyEvent is New Zealand's premier dairy cattle show with about 400 animals from over a hundred exhibitors. We are privileged to host you, and hope that you enjoy your time here.

Manawatu District is growing, attracting more businesses and more people to live, work, shop and visit in Feilding, our 16 district villages and our rural areas.

The Manawatu District has a population of 34,000 and covers an area of 253,000 hectares. Feilding with a population of around 18,000 is a strong rural servicing and agri business town for the surrounding highly productive farming district.

Our livestock selling centre (Feilding Saleyards) is arguably the largest in the Southern Hemisphere and is located within one hundred metres of the town centre. Dairy cattle are mainly sold at our Rongotea Saleyards.

Our Farmers Market is held every Friday, rain, hail or shine (and we have had all of those) in Manchester Square in the heart of Feilding's most attractive town centre. It has won the NZ Farmer's Market of the Year award 3 times and hosted the then Prince Charles and the Duchess of Cornwall in 2012.

Our local economy continues to perform well because our strengths are the mixed farming primary sector, food production, agri business, agri tech and the Ohakea Airforce Base, which is located in our District. There is around \$8B worth of new infrastructure projects happening in the Manawatu region over the next 10 years.

The agri-food sector is the largest industry in our district, with dairy farming our largest primary industry. This industry is crucial to our economic prosperity as global demand for quality agri-food products produced in the district and wider region has proved somewhat resilient. We are proudly provincial.

Combine this with our region's world-class food research capability in Palmerston North, only 20km away, and the quality and reputation of our products and our homegrown innovation will continue to support the strength of our local agri-food industry, while further building our brand on the world stage.

It is in this improving economic environment that it is wonderful to welcome the NZ DairyEvent again to Manfeild Park. Nothing beats coming together in person, showcasing and inspecting the animals up close, checking out the latest trade sites and most of all connecting with each other. This will ultimately improve the sector.

I congratulate the organisers and the sponsors for bringing this event together and I wish all the breeders and participants' good luck.

If you are a visitor to our Manawatu District and region, I hope you take some time out to enjoy what we have to offer and experience first hand our warm friendly hospitality in 'friendly Feilding'.

Regards,  
**Michael Ford, Mayor**  
**Manawatu District**

# BOOST YOUR DAIRY FARM'S SUCCESS!

smaXtec's unique bolus technology helps detect potential diseases early, enabling preventive action to improve health and reproduction outcomes.

**smaXtec**

Unlike traditional monitoring systems, smaXtec provides accurate insights **from within your cow**. A bolus in the reticulum collects data on inner body temperature, drinking cycles, water intake, rumination, and activity, sending actionable alerts to your smartphone or PC.

This data helps detect potential diseases before visible symptoms appear, enabling early intervention, reducing treatment costs, maintaining stable milk yields, and boosting profitability. With smaXtec you can also enhance heat detection, boost reproduction rates and optimise the calving process.

**smaXtec customer**  
Hayden Lawrence

smaXtec has already made a difference for many dairy farmers. **Hayden Lawrence**, who runs a 430-cow farm in Taranaki, reports:

**"Using smaXtec has improved heat detection, reduced mastitis cases by 64%, and cut costs by 56%. It also helped manage calving, calf health, and fresh calvers. We spend five minutes reviewing the data trends for heat, sickness, and health before each milking, saving us time and becoming a key part of our daily routine."**

## AgriSea: Meet Your Local Legends

### Gavin Roberston - Taranaki/Wairarapa

As AgriSea's Taranaki / Lower North Island Area Field Consultant for the last 15 years and a proud supporter of the NZ Dairy Event, many of you would already know Gavin. For those who don't, Gavin is known for his no-nonsense approach to ensuring on-farm efficiency and real results. As he says, "I put my reports and information in farmer speak and not "sciency gobbledegook".

Gavin focuses on soil health, pasture quality, and practical nutrient strategies that fit individual farm systems. He has a tried and tested "whole farm" approach and often encourages farmers to go and walk the paddocks with him so he can teach them what to observe and also how to perform their own Visual Soil Assessments (VSAs).

**Call Gavin on 021 666 2025** or seek him out at his stall at the NZ Dairy Event.

### Nick Wilkins - Manawatu, Whanganui and Hawkes Bay

Nick Wilkins has been an absolute superstar since joining the AgriSea family in April this year. Nick is based in Takapau where he and his partner raise calves on their own block. He brings a strong passion for regenerative agriculture, diverse pastures and holistic grazing systems, all of which he puts into practice on his own property.

Nick has a fundamental understanding of how to improve soil health and pasture performance and is fortunate enough to work very closely with Gavin where he can tap into his vault of knowledge and experience. Outside of work, he is actively involved in the Takapau community as a committee member of the local tennis and squash clubs. He also has a lifelong passion for equestrian sports, particularly show jumping, having competed for many years.

**Call Nick on 027 550 5765** or seek him out at his stall at the NZ Dairy Event.

# JUDGES

The NZ DairyEvent Organising Committee is proud to announce the judges for the 2026 All New Zealand Show. Their industry expertise, reputation and knowledge of cattle will provide for spectacular viewing. For the 2026 event we have judges coming from the UK, Canada, Australia and New Zealand. Once again the Semex All New Zealand Show will have associate judges in the Youth, Jersey, Holstein Friesian, Combined Breeds and Ayrshire sections.

## NZ DAIRYEVENT SEMEX ALL NEW ZEALAND YOUTH SHOW | MICHAEL JENKINS

Profile supplied by Mud Media.

Michael Jenkins says it is an honour to be asked to officiate the next generation of rising stars. Michael was introduced to Holsteins through his parents, Roger and Sue Jenkins, of Membury Holsteins. Adding fuel to the fire lit by their genetics was exposure to some of the great studs within the New Zealand including names like Cairnhill (Trevor and Rosalie Zanders), Kauri Glen (Tony Barton), Belrose (Gary Colquhoun), Oak Lodge (Rennie family), and Karatane (Ormsby family).

“With that kind of influence, it was easy to fall in love with quality dairy cows,” Michael said.

Michael showed for the first time when he was eight years old and he took his own string when he was aged 13. In 2010, together with his wife, Holly, they started their own stud – Lucerne Holsteins.

They dispersed in 2022, and no longer live on a dairy farm.

“But the passion for cows is still very much part of our lives. We’re raising three amazing teenagers, and I feel lucky that the dairy industry has played such a big role in shaping our family,” Michael said.

Some personal highlights include winning Champion Cow at

the Waikato Show four times and Reserve Champion three times. Michael has judged on-farm competitions in Canterbury, Hawke’s Bay and Southland, as well as the North Island Championships in Stratford.

Today, he is the Business Development Manager for Bell-Booth, travelling around New Zealand, visiting farms and supporting farmers.

“I still love exhibiting cattle with my brother, Tony, and his wife Serena, who share the same passion as I do.

“Cows have given me and my family lifelong friendships – both here in New Zealand – and across the Tasman.

“I wish all the competitors the very best of luck. I can’t wait to see the animals and line them up.”

Michael Jenkins

## NZ DAIRYEVENT SEMEX ALL NEW ZEALAND YOUTH SHOW ASSOCIATE JUDGE | GABRIELLE STEINER

Gabrielle was born into the Ayrshire world and has grown up within the show industry, helping prepare the Brookview stock before she established her own stud Simplee Ayrshires. Although Ayrshires have her heart she appreciates a good animal from any breed.

NZ DairyEvent 2025, Gabby went in partnership to buy the winning Ayrshire junior calf. She lead that calf to the top of the line and her very own bred calf came close behind placing second.

Gabby started judging animals at a young age, for a while she would simply choose the ‘friendly’ animals, in her young teens she told her father “I really like that cow”, he shrugged her off until classification came around and that cow scored among the highest of her age group. That was when it was decided that Gabby would attend judging schools. She was an unofficial associate judge under Roger Hutchings at Te Kawhata show when she was around 15. Her latest show that she was an associate for was Stratford A&P under Derek Hayward in 2024.

Gabby has participated in the Ayrshire Young judging competition for many years, winning the Arran Trophy in 2025. She looks forward to expanding her knowledge under Michael Jenkins.

Gabrielle Steiner. Photo: Evie Tomlinson

## NZ DAIRYEVENT JERSEY BREED SEMEX ALL NEW ZEALAND SHOW | WAYNE KUHNE

Profile supplied by Mud Media.

Wayne Kuhne – of Bushlea Jersey fame which has won Grand Champion Jersey five times at Australia's International Dairy Week (IDW) – will judge the Jerseys.

Wayne and wife Lisa are the third generation to operate Bushlea Farms at Koonwarra in South Gippsland. They milk 420 seasonal calving cows (over a 10-12-week period once-a-year). Wayne has been a board member of Jersey Australia for the last six years, and he is the current chair of its Genetic and Breed Development.

Wayne's involvement in the South Gippsland Jersey breeders club spans more than 30 years, and he is its current president.

Showing, promoting, and selling Jersey cattle has been an integral part of Bushlea's business for many years - along with a strong commercial focus under Wayne's stewardship.

It's hard to know which name is better known in world Jerseys circles - Bushlea (the farm), Fernleaf (the cow family that helped put Bushlea on the map),

or Kuhne (the tightknit family behind it all) – take your pick.

In addition to IDW broad ribbons, Bushlea has won Champion Cow at the Melbourne, Sydney and Brisbane Royals. It has also been the name on multiple high-sellers throughout a profile career for this popular family. Notably, Bushlea sold Bushlea Van Fernleaf 10 EX93 for AUD\$50,000 – an Australasian record price – at the Global Impact Sale in 2017 after she had won Grand Champion Jersey at IDW before the sale. She went on to secure her IDW back-to-back Grand Champion title in 2018 for the international syndicate that bought her.

Wayne is quick to acknowledge the opportunities Jerseys have afforded him.

He judged the 2025 Central Gippsland Jerseys Fair (which coincided with the World Jersey Tour), the 2023 Great Northern Jersey Challenge, the 2023 Brisbane Royal Show, the 2019 New South Wales State Jersey Show, the 2019 Sydney Royal, the 2017 Gatton QLD

State Show, various features shows throughout Victoria, and the Waikato On-Farm Competition.

Wayne and Lisa have a daughter, Ruby, who is studying Year 12.

Wayne Kuhne. Photo: Fiona Hanks.

## NZ DAIRYEVENT JERSEY BREED SEMEX ALL NEW ZEALAND SHOW ASSOCIATE JUDGE | KAHU MORGAN

Profile supplied by Mud Media.

Kahu Morgan

This year's Jersey show associate is Kahu Morgan, from Cambridge. He will work with the Jersey show's lead judge – Australia's Wayne Kuhne of Bushlea Jersey fame.

Kahu's love of dairy farming was encouraged by his grandfather who picked him up most weekends when he was young and took him out to the family farm. It ignited his love of farming.

His interest in registered cattle was kick-started from the age of 13 from weekends and school holidays spent at Bryan and Shirley Phillips' farm milking Jerseys. He hasn't looked back, leaving school at 17 to work fulltime for Bryan and Shirley.

After four seasons, Kahu relocated to Otorohanga with his partner, Rhiarna,

to contract milk at Thornlea Jerseys for Nigel and Julz Riddell. The experience gave them the chance to refine their on-farm skills, teamwork, cow knowledge, and business strategies. Through this time Kahu started to get involved in on-farm competitions and shows.

This season, Kahu and Rhiarna are contract milking at Ellison Jerseys. They own 12 animals and their goal is to continue building numbers over the coming seasons with a clear vision to achieve a 50/50 sharemilking position in the future.

Kahu is excited and grateful for opportunity at the NZ DairyEvent, adding: "I hope everyone is having a great season, and I look forward to seeing many of you there and plenty of great Jersey cattle."

## NZ DAIRYEVENT HOLSTEIN FRIESIAN BREED SEMEX ALL NEW ZEALAND SHOW | BRIAN CARSCADDEN

Profile supplied by Mud Media.

Brian was born and raised on a registered Holstein farm in Eastern Ontario, graduating from the University of Guelph with a Bachelor of Science in Agriculture degree in May, 1994.

After graduating, Brian was hired as a sire analyst for United Breeders of Guelph, Ontario. His duties at United Breeders included daughter photos and displays, mating programme analysis and young sire acquisitions. In 1998, the Semex Alliance was formed, and Brian was hired to the newly formed Semex Alliance Sire Analyst Team where he worked until February 1, 2021. At that time, Brian began a new career as the Executive Senior Manager at Blondin Sires Inc. where he is heavily involved today with all aspects of the business.

Brian's judging assignments have taken him to more than 35 different countries. He has judged national shows in most countries around the globe during his 20-year judging career.

In North America, Brian has judged numerous state, provincial and county shows. In 2006, he was the associate judge at the Royal Winter Fair Holstein

Show and he was the official judge of the International Holstein Show at the 2008 World Dairy Expo. He has judged the Red and White Holstein shows at both the Royal Winter Fair in 2009 and World Dairy Expo in 2010. He also officiated all breeds at Swiss Expo in 2009 and 2010. He then returned in 2020 to judge the Red and Whites at the Swiss Expo.

In 2011, he was the official judge of the National Holstein Show at the Royal Winter Fair in Toronto, Canada. In 2015, Brian judged the Supreme International Holstein Show in St. Hyacinthe, Quebec. In 2017, Brian was the official judge of the TD Canadian Classic 4-H show at the Royal Winter Fair.

A promoter of youth in agriculture, Brian remains active with various youth programmes, speaking engagements and promoting youth involvement through showmanship and judging clinics.

Brian also served as a Holstein Canada Type Advisory Committee member for 12 years. His vast judging experience serves him well to also be part of

Brian Carscadden

several judging committees with Holstein Canada and Holstein Ontario.

In 2024, Carscadden owned or previously owned 21 All American and All Canadian nominated Holsteins and Jerseys.

Brian lives in Napanee, Ontario and has three children Craig, Lauren and Colin.

## NZ DAIRYEVENT HOLSTEIN FRIESIAN BREED SEMEX ALL NEW ZEALAND SHOW ASSOCIATE JUDGE | **BRAYDON SCHRODER**

Profile supplied by Mud Media.

This year's Holstein associate judge is Braydon Schroder from Tararua. He will work with the Holstein lead judge – Brian Carscadden from Ontario.

Braydon said while it would be hard to step aside from showing in the 2026 event, the "honour" of being associate to Brian was too good to turn down.

Braydon Schroder

"It's an opportunity that couldn't be passed up to have the chance to learn from his wisdom and cow knowledge," Braydon said.

Braydon has judged a number of small A&P shows or on-farm branch competitions annually for the last five years. He has also shown his own animals in New Zealand and Australia, and he fitted cattle for several breeders across Canada over a six-month period. He has regularly fitted since for breeders in Australasia.

Born and raised in the Tararua breeding Holsteins, Braydon completed his education through Lincoln University (Canterbury) and Guelph University (Canada) – achieving a First Class Honors degree in Agricultural Science.

He has since completed a number of international agriculture experiences that supported him as he worked towards his current role with Perrin Ag Consultants. He is a shareholder with the company, overseeing farms for absentee owners, advising to farm boards, offering farm system analysis and advice, and project managing industry initiatives.

He also wears a couple of other hats as a Federated Farmers provincial president and associate director of HFNZ, which he says allows him to contribute and have a positive impact on the industry in different ways.

## NZ DAIRYEVENT COMBINED BREEDS SEMEX ALL NEW ZEALAND SHOW | BRENT CROTHERS

Profile supplied by Mud Media.

Brent Crothers

Born and bred in New Zealand and now living in the UK, Brent Crothers is the Combined Breeds judge.

Brent and his wife, Anne, relocated to the UK 10 years ago for an employment opportunity where he continues to

maintain close ties with the registered dairy industry.

Brent is the UK Sales Manager for MilkTechNZ, and he and Anne also run an elite group of Brown Swiss, Holstein, and Jersey animals under their Toi Toi Genetics prefix in Shropshire in the UK's West Midlands.

They have enjoyed significant success since buying their first Swiss calf in 2018, Kedar Aurora. She remains one of their highest profile animals. Aurora went on to be a two-time Junior Champion at the UK Dairy Expo, she was Intermediate Champion at the UK Dairy Day when she was two years old, and she won 27 Championships across the UK during her career. She was also the top producing UK Brown Swiss of all ages, twice.

Brent is also extremely active in the Holstein breed and has (among others) co-owned and marketed direct

daughters from Garay Awesome Beauty \*RC VG88-USA 2yr who was 1st Junior 2yr Old at the 2018 Royal Winter Fair and 2nd Jr. 2-Yr Old at the World Dairy Expo.

Brent is chairman of the Shropshire Holstein Club, and he is on the UK Holstein and UK Brown Swiss judging panels, in addition to owning Red & White Holsteins and Ayrshires.

Toi Toi has quickly become a force in All-Britain nominations in the Holsteins and Brown Swiss breeds. In the 2024 All-Britain Brown Swiss photographic competition, Toi Toi animals won four of the five classes.

He has judged the 2021 Swedish Holstein On-Farm competition, the Interbreed at the 2022 Cheshire Royal County Show, and the (upcoming) 2025 All-Britain Brown Swiss Calf Show at Stafford Show in September. He looks forward to visiting with everyone.

## NZ DAIRYEVENT COMBINED BREEDS SEMEX ALL NEW ZEALAND SHOW ASSOCIATE JUDGE | HARVEY VERWAAYEN

Profile supplied by Mud Media.

This year's Combined Breeds' associate judge is Harvey Verwaayen from Dannevirk. He will work with the lead judge – Brent Crothers.

Harvey is a young breeder who – together with his partner Zara van Hout – have recently taken over the family's 375-cow dairy farm from Harvey's parents, Hennie and Kerri.

Although the majority of their herd is Holsteins, Harvey has also had experience with Ayrshire, Milking Shorthorns and Brown Swiss animals (boarding for the Lakeview Partnership, Kelsen family) and there are also several Brown Swiss animals in the herd that belong to Harvey's sister, Lucy, who's currently farming overseas.

Harvey's involvement with pedigree cattle and showing started at the local primary school. In his early years he was mainly showing homebred stock. The first ever shows Harvey helped out at were with Brent Crothers and Fred Blatchford, this is where his passion truly began.

Later on, his showing and pedigree cattle knowledge, expanded with a stint at Okawa Holsteins (Tim & Jo Barclay and family) and after that, an internship at Luck-E Holsteins (Matt & Joe Engel and family) in Hampshire, Illinois, USA. Both of these jobs also earned him several embryos that have made their way into the current herd.

Over the years he's also helped out fitting and leading for other breeders and at multiple high-profile pedigree sales.

Farming commitments at home and having an autumn calving herd is restricting showing his own animals fractionally, but Harvey most years attends the Stratford A&P show and the NZ DairyEvent with either stock of his own or helping out other breeders.

Harvey is excited and very much looking forward to being in the ring in January.

Harvey Verwaayen

Profile supplied by Mud Media.

Boldview Ayrshires needs no introduction within the Ayrshire fraternity. Scott Braendler (together with his sister, Cheryl Liebech) are the co-owners and managers of South Australian family operation, which includes Cher-Bar Ayrshires. In a unique twist, 20% of the herd includes animals from 28 other studs – who rely on Boldview to keep their interest in the breed alive by housing their show animals.

Boldview is also Australia's biggest Ayrshire herd – milking up to 420 Ayrshires, 25 Jerseys, seven Holsteins, and two Illawarras – through a 60-unit rotary. It is also one of the most successful Ayrshire breeders and exhibitors in Australia, winning significant numbers of championships at its hometown Royal – Adelaide – along with International Dairy Week, and at local country shows.

Its Adelaide Show teams are renowned for being exceptionally big – and for representing the many exhibitors. Boldview helps sustain an interest in the breed by showing on their behalf. Boldview has also won many All-Australian and All-World Photo Competition winners.

In December 2018, the home farm relocated to a 270ha property at Mount McIntyre, in the south-east region of South Australia, which has a 27-inch rainfall (and underground aquifers via three centre pivots and 40ha of fixed sprinklers). It recently bought an additional 160ha of dryland for silage production and heifer growing.

Scott held Federal positions on Australian Ayrshire Committees between 2004 and 2020 – including four years as

Scott Braendler (left) pictured with his sister, Cheryl Liebech, at the Adelaide Royal. Photo: Michael Hentschke

Treasurer of AABA Inc, and four years as President of AABA Inc. His involvement co-incided with the 2015 amalgamation of the two Australian Ayrshire Breed organisations, and was followed by his three-year term as Federal President of Australian Ayrshires Ltd. During his presidency, Australia hosted the 2020 World Ayrshire Federation Conference Tour. In 2017, Scott was awarded Life Membership of Australian Ayrshires Ltd.

## NZ DAIRYEVENT AYRSHIRE BREED SEMEX ALL NEW ZEALAND SHOW ASSOCIATE JUDGE | COURTNEY DAVIES

Profile supplied by Mud Media.

This year's Ayrshire show's associate is Courtney Davies, from Auckland. She will work with the Ayrshires show's lead judge - Australia's Scott Braendler.

Courtney is a first-generation Ayrshire breeder from Dairy Flat, founding her herd, Inca Ayrshires. She doesn't come from a farming background, and she has nurtured her passion for Ayrshire cattle through the show rings of Northland and Auckland. She owns 11 cows under the Inca prefix. She recently achieved her first homebred Excellent classification with Inca Pinnacle - who is out of her first homebred heifer to win an A&P show championship, Inca Bur Piper.

Courtney is a passionate advocate for dairy, and she was the youngest elected member to serve a term on the Royal Agricultural Society of New Zealand Executive. She has also represented New Zealand as the Rural Ambassador in Australia. Her interest in livestock stretches her resume to include representing New Zealand as a dairy, beef, poultry and merino judge across

the Agricultural Shows of Australian state shows.

She has been a qualified Ayrshire Judge for over 10 years and has judged at school Ag Days and local A&P Shows when she isn't on the end of a halter. Courtney champions the next generation, especially those without a connection to the industry. She set up an inter-show young parader's competition, which ran successfully pre-COVID.

In her first visit to the NZ DairyEvent, Courtney won the Ayrshire Young Judge Arran Trophy (defending it the following year) and - alongside Celine, Loren and Hope - she was part of the winning Youth Challenge team. That same year she was awarded the Shirley Crothers Memorial Trophy and spent a month touring Ayrshire farms and country shows across Scotland and England, before participating in the Young Breeders group at UK Dairy Day.

Outside of agriculture, Courtney has an MBA and a Master of Natural Sciences in Microbiology from

Courtney Davies

Massey University. Inspired by solving a mastitis issue in her top show heifer, she developed a prophylactic antimicrobial tool using viruses to protect against bacterial diseases in agriculture and human health. She is a keen educator, having worked with over 40,000 people across the world lecturing and consulting on agriculture, sustainability and marine biology. In addition to her love for Ayrshire cattle, Courtney is a commercial beef cattle photographer and has spoken at the African Food System's Forum in Tanzania, the Youth Ag Summit in Brazil and the World Seed Congress in the Netherlands.

Courtney is looking forward to learning from overjudge Scott and is grateful for the opportunity to see exceptional Ayrshire cattle at NZDE.

## What does FiltaBac® Cream do?

- ❖ Acts as a totally natural second skin
- ❖ Antibacterial properties protects skin cells as they heal
- ❖ Provides a protective barrier against rain, dirt or insects
- ❖ Protects skin from sun burn (SPF 29-33) and wind. Protection for animals with photosensitivity caused by facial eczema.

### How to use FiltaBac® Cream:

1. Cover the damaged skin area with a reasonably thick coating of FiltaBac® Cream. This will naturally replace the lost skin
2. Re-apply FiltaBac® Cream to the area for 2-3 days without removing the original cover
3. After 2 - 3 days - gently remove the FiltaBac® Cream from the area by using warm water and a mild soap or dilute antiseptic solution
4. Pat or air-dry (do not rub)
5. Re-cover with FiltaBac® Cream  
*Hair will re-grow naturally on the area*

### When to Use FiltaBac®:

- Wounds, cuts, grazes, bites to assist with the promotion of moist wound healing
- For cracked teats (no WHP). Wash using mild soap and rinse well before milking. After milking reapply immediately to sores.
- Irritated skin: inflamed, weeping areas FiltaBac® will assist to soothe the area
- Safe to use on sensitive skin areas
- Over veterinary procedures, to cover and protect

Available in 2kg, 500gm pots,  
200gm and 120gm tubes

Registered ACVM No.A002039

# GENERAL RULES & NOTICES

To be run under the Rules of the Manawatu A&P Association Show Rules and Regulations: <https://www.ras.org.nz/wp-content/uploads/2022/03/Showing-Rules-Regulations-2020-21.pdf>

## YOUTH SHOW

1. Youth Exhibitors must be aged under 18 years as at the 01/01/2026. All animals entered in the Youth Section are eligible to be shown in their respective Breed's and the All Breed's Sections and must be entered and led by the Youth Exhibitor in all the sections.
2. Handlers Classes: Only calves and yearlings are to be used, also the same animal cannot be used by more than one exhibitor/handler.
3. Team Challenge: This event is for non-professionals; in this context a professional is a person that travels from or to other countries to prepare cattle for sale or shows and is paid for his/her services.

## ALL NZ SHOW

1. The one Entry fee per animal automatically enters that animal in all classes it is eligible.
2. The NZ DairyEvent Organising Committee reserves the right to amalgamate classes with insufficient entries or extend classes with very large entries, any decision made by the committee will be final.

## LATE ENTRIES

**May be accepted.** Acceptance will be at the discretion of the NZ DairyEvent Organising Committee.

1. All accepted late entries will be subject to a late entry fee of Class entry fee + 50% ie. \$30 + 50%, Total \$45.
2. Replacement within a class is permitted but between classes is not permitted.

## SUBSTITUTES

These will only be accepted for cattle in the same breed and same aged class.

## CLIPPING FRAMES

1. These are permitted, there is a charge of \$100 + GST for a frame site/per frame and the frame will be situated next to your cattle.
2. Clipping space must be booked and paid for on the entry form. If not booked and paid for at time of entry no frame will be permitted to be erected.
3. To be fair to all exhibitors, clipping frames must be erected in the space allocated by the committee, not where the exhibitor thinks it should be.
4. A limit of 2 clipping frames per aisle.

## STRAW/BEDDING

1. Each isle will be allocated sawdust.
2. Sawdust is available for bedding; however, straw can be used at the exhibitor's own cost.
3. Sponsor Farm Source (Ph: 06 323 9146) will have shavings available at exhibitor's own cost.

## EARLY ARRIVING CATTLE

Exhibitors that are traveling extreme distances will be permitted to enter Manfeild early by approval from **Chief Steward Jamie Cunningham (027 583 3533)**. Contact must be made to Jamie with day and time of arrival for approval. All other exhibitors will be able to enter Manfield on Saturday 24 January 2026.

## RULES

1. **Unacceptable behavior, drunkenness and under-age drinking will not be permitted.** Alcohol is not to be visible to the public.
2. Any alteration of conformation of cattle as per the Manawatu A&P Assn rules will be considered malpractice and could be disqualified from the event.
3. It is expected all exhibitors will always keep their stalls clean and tidy and encourage those that want to dress up their stalls please do so.
4. All rubbish is to be placed in the rubbish bins provided and all cattle waste, saw-dust, shavings etc. to be placed in the allocated/signed areas/bins provided. **It is the exhibitors Responsibility to keep their area clean and tidy - this includes when packing out from the event.**
5. Exhibitors are asked to **NOT** bring large bales of baleage inside the stadium.
6. No dogs allowed in the stadium, day, or night.
7. As a Manfield Park requirement there is to be **NO GLASS BOTTLES** on the premises. No glassware/glass bottles are allowed inside the stadium.

These are magnificent facilities; with the level of visitors, we need to keep our image of being first class at all time's first class! **"Failure to respect the facility could jeopardize our event for the future."**

## BY-LAWS

1. All cattle in the breed sections must be entered in the name of the bona-fide owner.
2. The date of birth of all breeding cattle must be stated at the time of entry.
3. The age of cattle shall be computed as of 1st June. NB: As the age of all cattle is determined from the 1st of June in each year, all animals shall be deemed to be one year older on this date.

4. All cattle entered in the Breed and Youth classes, if one-year-old or over, must be entered in the recognized Herd Book of the breed concerned. If under one year of age, they must be eligible for entry.
5. Addition to by-laws as approved by the NZDE:
  - “Animals eligible for showing at NZDE must be registered with their individual breed society and comply with their individual breed society rules for association showing awards.”

### **TB TESTING & NAIT REQUIREMENTS**

1. All cattle including calves and yearlings entered for this Show must be from a TB free and Accredited herd and tested within the Opsri Regulations of your region.
2. Cattle from a TB free and accredited herd within a declared movement control area must be tested and passed within 60 days of movement. **A copy of the test certificate must accompany all Animals.**
3. Checks will be made for TB declaration cards on stock arrival.
4. A NAIT approved RFID tag is mandatory for all movements of cattle, including calves. NAIT regulations for ear tagging is one registered NAIT tag per animal for animals 30 days or older.
5. It is the exhibitors' responsibility to record all animal movements with NAIT 48 hours prior to leaving the farm/property for the Event and then within 48 hours of returning to the farm/property from the event.
6. The animals must be transferred to the (**Manawatu A&P NAIT number - 443920**) for the event.
7. ALL cattle must have Animal Health Board or Birth ID Tags.
8. The Committee will inspect animal identification to establish TB and NAIT status.

### **STALLING OF ENTRIES**

1. In the event of catalogued entries not being exhibited at the Show, the Chief Steward shall have the right to re-allocate such stall spaces.
2. Feed receptacles will not be provided in the Dairy Pavilion.
3. Exhibitors wishing to feed meal or dry stock foods should bring suitable containers with them.
4. Hoses will be located at the end of each row in the Pavilion.

Water troughs need to be supplied by the exhibitors and are not to be shared between exhibitors as a precaution for the prevention of the transmission of *Mycoplasma Bovis*.

5. The Chief Steward along with the NZ DairyEvent Committee has the right to ask any exhibitor to leave the event if they fail to comply with the rules of both the NZ DairyEvent and Manfeild Park.

### **HEALTH AND SAFETY:**

1. All exhibitors and visitors are expected to comply with the Health and Safety Act 2015.
2. All exhibitors and visitors are expected to comply with any National Health regulations at the time of the event.
3. A shed meeting will be held at the start of the event to outline evacuation procedures.

In the event of an emergency, exhibitors are asked to follow the instructions of NZDE Committee members and Manfeild Park staff.

4. Exhibitors will be asked for their Current First Aid certification (if they have it) on the Entry Form. This will assist with the Health & Safety aspects at the event.
5. **Electrical equipment** must be approved for use by a registered electrician and carry an 'Electrical Safety Test label' valid for the period of the event. The NZDE Committee strongly advises that to avoid disappointment exhibitors get electrical equipment tested before arriving.

### **SHED MEETING**

1. A Shed Meeting will be held at the start of the event: **5.30pm Sunday 25th January 2026**
2. Attendance from all exhibitors and supporters is **compulsory** at this meeting.

### **CONFLICT OF INTEREST**

In case an exhibitor has a (perceived) **conflict of interest** arising from his/her participation in any classes of the Youth Show or Breeds sections of the New Zealand DairyEvent, he/she will have to declare this conflict to the **Chief Steward** for consideration prior to the exhibitor entering the ring (allowing sufficient time for the chief steward to decide on the matter). If the chief steward considers the conflict of interest 'significant', he will appoint an independent judge (i.e. the I.C.E. judge) to have the final say on the top 6 placings in that class and/or subsequent championship classes. Examples of a conflict of interest could be:

1. The exhibitor is showing an animal that was bred by the judge
2. The exhibitor is personally a close relation of the judge
3. The animal shown was/is owned by the judge
4. The animal is directly owned or in partnership with the judge
5. Etc. others?

The **onus is on the exhibitor** to come forward in a timely manner with their (perceived) conflict of interest. **Failure to disclose** any (perceived) conflict of interest will be dealt with by the chief steward and could result in the exhibitor's results being annulled. The final decision on any (perceived) conflict of interest will be made by the chief steward and no correspondence in regards to his decision will be entered into.

# CODE OF PRACTICE

The NZ DairyEvent Organising Committee have determined the following Codes of Practice under the rules of The Royal Agricultural Society (RAS).

The showing of registered pedigree cattle is an important part of the promotion, merchandising and breeding programme of many breeders. Additionally, it is an important part of the programme of the NZ DairyEvent to stimulate and sustain interest in breeding registered pedigree cattle. This relates to both spectators and exhibitors. In this connection, the Organising Committee of the NZ DairyEvent (NZDE) believes that it is in the best interests of the breeders of registered pedigree cattle to maintain a reputation of integrity and to present a wholesome and progressive image of their cattle in the show ring.

NZDE recognizes that there are certain practices in the proper care and management of dairy cattle that are necessary while moving dairy cattle to and between shows that is advisable to keep them in a sound, healthy condition so that they might be presented in the show ring in a natural, normal appearance and condition. Conversely, it recognizes certain practices in the handling and presentation of cattle in the show ring that are unacceptable.

In keeping with the basic philosophy of the NZ DairyEvent, ethics are an individual responsibility of the owner of each animal shown. Violations of these policies are subject to the disciplinary action of the NZDE's Rules.

The following practices or procedures are considered unacceptable and defined as being fraudulent and/or unethical in the showing of registered pedigree cattle.

- Misrepresenting the age and/or milking status of the animal for the class in which it is entered/shown.

- Treating the animal, particularly the udder, internally or externally with an irritant or counterirritant.
- Surgically or insertion of foreign matter under the skin, performed to change the natural contour or appearance of the animal's body, though not to preclude practices required or involved in normal management.
- Criticizing or interfering with the judge, show management or other exhibitors while in the show ring, or other conduct detrimental to the animal's breed or the NZDE All NZ Show.
- Setting teats or manipulation of a teat to alter its normal position such as to unnaturally hold it plumb or to alter its length, is unacceptable and shall be regarded as malpractice.
- It will be the responsibility of All New Zealand Show judges at the NZDE to take appropriate action if any teats are set, or in any way manipulated to an unnatural position.
- While all milking animals must be subject to examination, the judge/s will be instructed to closely examine the top five animals, not only for set teats but for any other form of tampering requiring discrimination or disqualification.
- The following is considered to detract from the image of the show ring when carried to excess and will be given slight to serious discrimination in placing animals within a class. This would be seen as unsportsmanlike conduct on the part of the show person.

# FUTURITY CLASSES

**Judge: Michael Jenkins - Hamilton, Waikato, New Zealand**

**Associate Judge: Gabrielle Steiner - Te Awamutu, Waikato, New Zealand**

## RULES FOR FUTURITY CLASSES

Futurity classes will be run under the General Rules of the Dairy Cattle Sections governed by both Waikato A&P Show and NZ DairyEvent.

In addition to the General rules governed by both Waikato A&P Show and NZ DairyEvent the following rules shall apply to calf, yearling heifer and two year old in milk Futurity classes.

1. Only heifer calves born from the 1st June 2023 purchased at the Next Generation Sale or the Summer Sensation Sale are eligible to enter.
2. A one off entry fee of \$100 per animal is to be paid by the purchaser at the time of the Next Generation Sale or the Summer Sensation Sale. (Revenue generated from the sale of Futurity Lots and any additional money from donors received on the day of the Next Generation Sale or Summer Sensation Sale will be held secure in a BNZ term deposit. Final two year old in milk Futurity classes will be held in October 2026 at Waikato A&P Show and January 2026 at NZ DairyEvent. The monies generated at the Next Generation Sale in 2023 and the sale of Futurity Lots at the Summer Sensation Sale 2026 will become the prize pool for the in milk two year old Futurity classes. The prize pool will be equally divided between Waikato A&P Show and NZ DairyEvent.)
3. All in milk two year olds exhibited in the two year old in milk Futurity class will receive a percentage of the prize pool. Allocated percentages of winnings in order of placing.
4. Whereby calf and yearling Futurity classes have been sponsored then the sponsored prizes/monies shall be paid to the said class.
5. Whereby calf and yearling classes have been sponsored by the Breed Associations in the form of cash or prize of any kind payable to the youth handler, then that cash or prize shall remain the property of the youth handler it has been awarded to.
6. Ribbons will be placed 1st – 6th for Futurity calf, yearling and two year old in milk classes.
7. All calves, yearling's and in milk two year olds must be paraded by persons who were aged 25 years and under on the day the animal was purchased as a calf at the Next Generation Sale or the Summer Sensation Sale.
8. Failing the nominated youth handler being unable to exhibit the calf, yearling or in milk two year old, another youth handler may be nominated. Notification of the change must be given to the Chief Steward prior to the calf, heifer or in milk two year old entering the ring.
9. Proof of age of any youth handler may be requested from time to time by the Ring Steward.
10. Any additional fees imposed by both Waikato A&P Show and NZ DairyEvent or levies collected for a third party remain the responsibility of the owner.
11. Rules should be read in conjunction with the Next Generation Sale rules.
12. The Organising Committee reserves the right to review and amend the rules at any time. Committee members; Matt Satherley, Duncan Pipe (027 264 9527), Wendy Harker, Brian Robinson (027 241 0051) Heather Fowlie (027 452 1416) and NZ DairyEvent Representatives.

# SEMEX ALL NEW ZEALAND

## YOUTH SHOW

The All New Zealand Youth Show is kindly sponsored by Semex New Zealand.

**Judge: Michael Jenkins - Hamilton, Waikato, New Zealand**

**Associate Judge: Gabrielle Steiner - Te Awamutu, Waikato, New Zealand**

*All exhibitors in the Semex Youth Show must be under 18 years of age on 1 January 2026. All animals entered in the Youth Section are eligible to be shown in their respective breed and must be led by the Youth Exhibitor in all the classes. Please refer to the General Rules and Notice's regarding rules for handling classes.*

# Elevate your marketing with Dairying by Design NZ

What separates the best from the rest in marketing is marketing with extreme knowledge.

Dairying by Design NZ's (DDNZ) team has worked as often with the top-end of the registered dairy industry as it has with outstanding commercial producers.

It understands cows and the impact that a compelling photo paired with relevant text can have in channeling conversations. It is committed to pursuing the "right way" to showcase our industry.

## Let us help...

We'd love for you to tap into DDNZ's experience and knowledge to leverage your message.

Because, just like your farm and/or your agribusiness, the DDNZ team takes intense pride in everything it does.

The difference you're seeing in DDNZ's finished product is passion at work...why don't you join us?

**Are you planning a new dairy shed build or any build on-farm that could inspire others?**

**We'd love to showcase it on completion.**

**Please touch base with us.**

# BOOST YOUR DAIRY FARM'S SUCCESS!

smaXtec's unique bolus technology helps detect potential diseases early, enabling preventive action to improve health and reproduction outcomes.

**smaXtec**

Unlike traditional monitoring systems, smaXtec provides accurate insights **from within your cow**. A bolus in the reticulum collects data on inner body temperature, drinking cycles, water intake, rumination, and activity, sending actionable alerts to your smartphone or PC.

This data helps detect potential diseases before visible symptoms appear, enabling early intervention, reducing treatment costs, maintaining stable milk yields, and boosting profitability. With smaXtec you can also enhance heat detection, boost reproduction rates and optimise the calving process.

**smaXtec customer**  
Hayden Lawrence

smaXtec has already made a difference for many dairy farmers. **Hayden Lawrence**, who runs a 430-cow farm in Taranaki, reports:

**"Using smaXtec has improved heat detection, reduced mastitis cases by 64%, and cut costs by 56%. It also helped manage calving, calf health, and fresh calvers. We spend five minutes reviewing the data trends for heat, sickness, and health before each milking, saving us time and becoming a key part of our daily routine."**

**GOT CURIOUS?  
REACH OUT TO:**

# Under the pump?

Here are some questions that can help you get through.

- Am I getting enough sleep?
- Am I talking to someone about what's on my mind?
- Am I eating well and keeping physically active?
- Am I having down-time to recharge?
- Do I have a list of what is realistic to achieve each day?

Using these questions to lock in small changes can make a big difference.

Sam Whitelock

# WHY JERSEYS?

**+13%**  
*Milk Fat*

per KG Liveweight

**+09%**  
*Milk Solids*

per KG Liveweight

**+18%**  
*Efficiency*

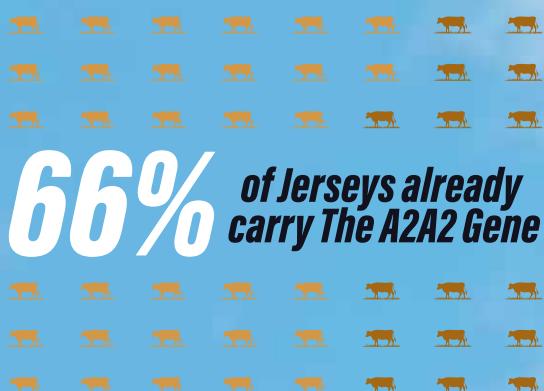

at Converting Feed

The Jersey cow returns a **better per kilo liveweight** comparison over all other breeds in milk fat, protein and milk solids. She also delivers **greater breeding values** than other dairy breeds. Jerseys are **faster to milk** and have greater calving ease, with the **highest fertility** breeding value. When stocked at optimal rates, Jerseys produce approx **8% more profit** than its closest competitor, making it the **sustainable choice of breed**.

## Sustainable

- Greater efficiency, greater profit
- Higher rate of dry matter to milk
- Higher heat tolerance
- More environmentally friendly
- Lower gas emission
- Lower nitrogen levels

**66%** of Jerseys already carry The A2A2 Gene

## OAD MILKING

*Jerseys are the most adaptable breed for once-a-day milking, due to...*

- Better udder conformation
- Higher milk solid percentages
- Able to carry 24 hours of milk production

# AgriSea: Meet Your Local Legends

Gavin Roberston - Taranaki/Wairarapa

As AgriSea's Taranaki / Lower North Island Area Field Consultant for the last 15 years and a proud supporter of the NZ Dairy Event, many of you would already know Gavin. For those who don't, Gavin is known for his no-nonsense approach to ensuring on-farm efficiency and real results. As he says, "I put my reports and information in farmer speak and not "sciency gobbledegook".

Gavin focuses on soil health, pasture quality, and practical nutrient strategies that fit individual farm systems. He has a tried and tested "whole farm" approach and often encourages farmers to go and walk the paddocks with him so he can teach them what to observe and also how to perform their own Visual Soil Assessments (VSAs).

Call Gavin on 021 666 2025 or seek him out at his stall at the NZ Dairy Event.

Nick Wilkins - Manawatu, Whanganui and Hawkes Bay

Nick Wilkins has been an absolute superstar since joining the AgriSea family in April this year. Nick is based in Takapau where he and his partner raise calves on their own block. He brings a strong passion for regenerative agriculture, diverse pastures and holistic grazing systems, all of which he puts into practice on his own property.

Nick has a fundamental understanding of how to improve soil health and pasture performance and is fortunate enough to work very closely with Gavin where he can tap into his vault of knowledge and experience. Outside of work, he is actively involved in the Takapau community as a committee member of the local tennis and squash clubs. He also has a lifelong passion for equestrian sports, particularly show jumping, having competed for many years.

**Call Nick on 027 550 5765** or seek him out at his stall at the NZ Dairy Event.

BLACK & WHITE YOUTH PROGRAMME

# GROWING LEADERS & BUILDING FUTURES

## Where Passion Meets Potential

Step into the future of dairying with the Black & White Youth Programme — designed to inspire, educate, and empower the next generation of Holstein Friesian leaders.

- **YOUTH CAMP:** Hands-on learning, team-building, and unforgettable experiences that spark lifelong friendships.
- **COMPETITIONS:** Showcase your skills, knowledge, and dedication in national and regional events.
- **YOUNG BREEDERS DEVELOPMENT PROGRAMME:** Gain the tools, mentorship, and confidence to become tomorrow's industry innovators.
- **YOUTH SHOWMANSHIP EVENTS:** Learn the art of presenting and caring for Holstein Friesians, while building pride and professionalism.
- **SCHOLARSHIP OPPORTUNITIES:** Unlock pathways to further education and training, with financial support for outstanding young participants.

**This programme isn't just about cows — it's about cultivating excellence, resilience, and leadership in young people who will shape the future of dairy farming.**

# 50 HEAD OR 1,000 HEAD, WE'LL HELP YOU STAY AHEAD.

## SUPPORTING DAIRY INDUSTRY EVENTS AND GIVING GREAT ADVICE.

At FMG, we're here to help dairy farmers stay informed and get ahead. That's why along with offering useful advice and tips, we support dairy workshops and seminars happening right across the country. Because at the end of the day, learning the latest techniques and developing new skills will help you make positive changes and better decisions. So take the opportunity to stay ahead at a dairy event near you.

Head to [fmg.co.nz/dairyevents](http://fmg.co.nz/dairyevents) to find out more.

---

**We're here for the good of the country.**

## AYRSHIRE BREED

### SEMEX ALL NEW ZEALAND SHOW

In 2026 the NZ DairyEvent is proud to host the 2025/26 Ayrshire NZ North Island Championships. Ayrshire NZ have sponsored the North Island Championship ribbons for the Junior, Intermediate, Senior and Grand Champions.

The Ayrshire Section is kindly sponsored by Vytelle.

Judge: Scott Braendler - Mount McIntyre, South Australia  
Associate Judge: Courtney Davies - Auckland, New Zealand

A rosette, sponsored by Ayrshire NZ, will be awarded to the highest placed youth exhibitor in each of the open Ayrshire classes 4001-4012.

RESULTS

1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	5 <sup>th</sup>	6 <sup>th</sup>

GrainHub Calf is designed for high performance with 18% Crude Protein using only quality vegetable proteins to assist rumen development. Coating the pellets with Molasses makes the feed highly palatable to the calves ensuring a high uptake so GrainHub Calf will assist in weaning your calves faster, take to pasture sooner and achieve body mass quicker.

Our combination of multiple protein sources combined with multiple starches, vitamins, minerals and coccidiostat are providing great results with farmers commenting on the fantastic skeletal growth – growing the frame and then filling that in resulting in earlier weaning than previous years. GrainHub have committed to not changing the recipe so farmers can trust these results are repeated.

The early introduction of GrainHub Calf is a key component for ensuring the early development of the rumen system. Make a small amount of GrainHub Calf available from day two and continue to feed GrainHub Calf adlib throughout the entire rearing period. Good quality roughage and clean water is recommended at all times.

# Elevate your marketing with Dairying by Design NZ

What separates the best from the rest in marketing is marketing with extreme knowledge.

Dairying by Design NZ's (DDNZ) team has worked as often with the top-end of the registered dairy industry as it has with outstanding commercial producers.

It understands cows and the impact that a compelling photo paired with relevant text can have in channeling conversations. It is committed to pursuing the "right way" to showcase our industry.

## Let us help...

We'd love for you to tap into DDNZ's experience and knowledge to leverage your message.

Because, just like your farm and/or your agribusiness, the DDNZ team takes intense pride in everything it does.

The difference you're seeing in DDNZ's finished product is passion at work...why don't you join us?

**Are you planning a new dairy shed build or any build on-farm that could inspire others?**

**We'd love to showcase it on completion.**

**Please touch base with us.**

## AgriSea: Meet Your Local Legends

### Gavin Roberston - Taranaki/Wairarapa

As AgriSea's Taranaki / Lower North Island Area Field Consultant for the last 15 years and a proud supporter of the NZ Dairy Event, many of you would already know Gavin. For those who don't, Gavin is known for his no-nonsense approach to ensuring on-farm efficiency and real results. As he says, "I put my reports and information in farmer speak and not "sciency gobbledegook".

Gavin focuses on soil health, pasture quality, and practical nutrient strategies that fit individual farm systems. He has a tried and tested "whole farm" approach and often encourages farmers to go and walk the paddocks with him so he can teach them what to observe and also how to perform their own Visual Soil Assessments (VSAs).

**Call Gavin on 021 666 2025** or seek him out at his stall at the NZ Dairy Event.

### Nick Wilkins - Manawatu, Whanganui and Hawkes Bay

Nick Wilkins has been an absolute superstar since joining the AgriSea family in April this year. Nick is based in Takapau where he and his partner raise calves on their own block. He brings a strong passion for regenerative agriculture, diverse pastures and holistic grazing systems, all of which he puts into practice on his own property.

Nick has a fundamental understanding of how to improve soil health and pasture performance and is fortunate enough to work very closely with Gavin where he can tap into his vault of knowledge and experience. Outside of work, he is actively involved in the Takapau community as a committee member of the local tennis and squash clubs. He also has a lifelong passion for equestrian sports, particularly show jumping, having competed for many years.

**Call Nick on 027 550 5765** or seek him out at his stall at the NZ Dairy Event.

# SEMEX **INTERBREED**

## SEMEX ALL NEW ZEALAND SHOW

The Interbreed Section is kindly sponsored by Semex.

**Judges panel:** Wayne Kuhne (Jersey), Brian Carscadden (Holstein Friesian), Brent Crothers (Combined Breeds), Scott Braendler (Ayrshire) and Michael Jenkins (Youth)

*Champions from the Youth Show and each breed section are entered in their respective classes in the Interbreed section.*

# HOLSTEIN FRIESIAN

# THE BREED OF CHOICE FOR VALUE & PERFORMANCE

## Looking to maximise returns from your herd?

- **CHOOSE HOLSTEIN FRIESIANS** – the breed that delivers unmatched performance, fertility, and profitability.
- **DUAL-PURPOSE EXCELLENCE**: Whether for dairy or beef, Holstein Friesians consistently outperform other breeds.
- **SUPERIOR FERTILITY & CALF VALUE**: Their calves are more valuable than any other breed, offering pathways to zero bobby calves.
- **FEED-TO-MILK EFFICIENCY**: Holstein Friesians convert feed into higher milk solids – producing more fat and protein per cow.
- **FUTURE-FOCUSED ADVANTAGE**: From the 2026/27 season, Fonterra will also recognise the value of lactose, further boosting returns for Holstein Friesian farmers.

Holstein Friesians the Breed of Choice with profit in every drop.
